

# CMC Statistics Network Europe – EFSPI SIG

Kevin Lief, Christian Schmid, Beate Presser, Martin Otava, Jens Lamerz

Contact: [Kevin.R.Lief@gsk.com](mailto:Kevin.R.Lief@gsk.com)

**CMC Statistical Network  
Europe**

**“We are CMC Statisticians, working in Europe for pharmaceutical companies and CROs active in R&D, and we seek to collaborate and exchange in any precompetitive topic of our field . “**

# This is what we want ...

1

... facilitate technical exchange in any precompetitive topic of our field.

2

... be seen as point of contact for EMA etc. for CMC stats related guidelines, solicit and corroborate feedback from members.

3

... encourage discussion on current good practice for design, computing, evaluation, and reporting in the CMC space.

4

... create a platform for the community of European CMC statisticians.

**CMC Statistical Network  
Europe**

# CMC Statistics Network Europe ...so far

- Formed a steering team (Chair [Kevin.R.Lief@gsk.com](mailto:Kevin.R.Lief@gsk.com))
- Affiliated to EFSPi as a special interest group
- Created SIG website  
(<https://www.psiweb.org/sigs-special-interest-groups/cmc-statistical-network-europe>)
- Welcomed members
  - Do not have to be a member of EFSPi or PSI to join

# CMC Statistics Network Europe ... Current Activities

- Submitted abstract to potentially present at 4th listen & learn focus group meeting of the EMA Quality Innovation Group
- Creating a CMC Stats Community of Practice for greater visibility
  - Planning for webinars
  - Looking to publish whitepapers/articles on hot topics

Kevin Lief, GSK; Beate Presser, Boehringer-Ingelheim; Martin Otava, J&J; Christian Schmid, Roche.
