

# PSI 2023 CONFERENCE

11-14 JUNE 2023

## PSI Prepare for 2023 Conference

Dear Emily,

The countdown to the PSI Conference 2023 has now begun! The conference will be held at Novotel London West in Hammersmith, West London face-to-face from Sunday 11 to Wednesday 14 June 2023. The PSI Scientific Committee are working hard on the agenda.

One of the first major milestones for the conference is opening for abstract submissions, so we are pleased to announce...

## SPOTLIGHT ON: Abstract Submission is Open

We are now taking submissions for any of your contributed oral or poster abstracts. We accept abstracts on any topic, but have provided a list of topics we are particularly interested in:

- Estimands: methods, theory and case studies
- Analysis of 'big' data e.g. RWD, digital endpoints etc
- Bayesian
- Data visualisation and animation
- Use of external data
- Health Technology Assessment
- Decentralized trials
- Innovative approaches
- Complex trial designs including adaptive designs
- Use of R, Python etc.
- Analysis of Safety Data
- Master protocols and platform trials
- Non-technical topics e.g. leadership, influencing, soft skills

For 2023 we have added a new option to give a **TED-style talk**. These talks should be only 5-10 minutes in length and can focus briefly on a single topic. If you are interested in speaking in a session like this you can indicate this on the individual abstract submission form. Please note we will only include a TED-style session if we have enough interest.

**The key deadlines are:**

- Oral abstract submission - **18 November 2022**
- Poster abstract submissions - **25 February 2023**

As a reminder you can submit individual abstracts or abstracts for a full session. You can see the list of abstract topics and download the abstract templates at the [PSI website](#).

Remember, anyone selected for an Oral presentation, will be eligible for **10% off the 3-day conference price**.

For some tips on writing good abstracts please see [our LinkedIn article](#).

## Registration Countdown

Registration for the 2023 PSI conference will open end of November. Keep an eye out in order to receive the Early Bird Discount!

### A Message from the Conference Chair

After the success of the 2022 conference in Gothenburg the PSI Scientific Committee are feeling the pressure to deliver in 2023! We are currently working on the conference agenda and already looking forward to learning and socializing face to face once again next year.

**David Lawrence**  
*Conference Chair*

### Let your colleagues know...

Please share this email with any colleagues and friends who you think will be interested in the PSI Annual Conference.

### Enquiries...

Should you require any assistance, please do not hesitate to contact the conference secretariat.
