SPOTLIGHT ON: Keynote Speaker

We are pleased to announce that the first of our keynote speakers will be Professor Thomas Jaki.

Professor Jaki will speak on the topic of “Mastering Master Protocols”. He will focus on maximising the utility of information from these studies and how we can ensure valid statistical inference so we can unleash the full potential of these study designs.

PROGRAMME HIGHLIGHT: Pre-Conference Courses

On the afternoon of Sunday 12th June the PSI Training Committee and the PSI Scientific Committee are delighted to offer 2 pre-conference courses.

- 1. A practical introduction to simulating complex trial designs***
- 2. Estimand-aligned statistical analyses of clinical trials***

Registration for both courses is available through the conference registration site. Places are limited, so book early to avoid disappointment and take advantage of the early bird discount!
